

# Village Green Floral & Garden Center: A Look at Landscape Design

Village Green Floral and Garden Center offers landscaping, full floral service, seasonal decorating, gifts and expert advice, and it's with the help of dedicated employees, like Lindsay Wisener, that everything comes together!

Lindsay, a Wapak native, started at Village Green in 2002 – well before she graduated high school! She graduated from The Ohio State University with a Bachelor's of Science degree in Landscape architecture, and she brings the designing aspect of landscaping to the Village Green family!

In addition to being the store manager, Lindsay helps with landscape designs on the computer. "Many people don't realize that landscape design is actually done on a computer," Lindsay explained. "We take a picture, edit and add to it to make it how we and the client envisioned it. We work with the customer to make it their own... then we come in and physically make it a reality!"

Making a project a reality can be different for every property. Sometimes they remove things, sometimes they add, move, or fill in. When you are getting professional landscaping from Village Green, you have many choices – and it's all based on how much you want to be involved. They bring the plants to you – and if you wish to plant them, you can – otherwise, they certainly will!

There are always new and exciting ideas to be found at Village Green; from the landscaping to the greenhouses, to the fresh flowers and the gift shop. "Right now we have new varieties of shrubs," Lindsay reminds us. "Lately, people want low maintenance, so we've found a few varieties to choose

from." There is also a new line of concrete – statuary and pottery items, as well as garden art. You can add a small touch of something new to your yard with just one or two new items!

Being a locally owned business for 39 years, Village Green is proud that generations of area people have trusted them to their landscape design. Lindsay Wisener is just one of the many employees – one of the Village Green family – that you'll meet when you stop by at 902 South Blackhoof Street in Wapak!

Keep in mind.. Village Green Floral and Garden Center is open year-round... and be sure to check them out on Facebook! Call them at 419-738-2424.
